Product Spotlight

Plant-Based Cream Cheese

100% Dairy Free and Free of the Top Nine Allergens

04750 | 25- 1 Ounce Packs

04749 | 11 Pounds

Creamy and delicious, Never Better Foods cream cheese delivers on texture and consistency, all while being free of the nine major allergens! Whether used as a spread or incorporated into dips, frosting, or baked goods, it's a reliable and flavorful way to implement allergen-free options with confidence.

Locally owned and operated, Never Better Foods has been dedicated to delivering high-quality, plant-based, and allergen-free options. Perfected over the course of 30 years, their approach combines thoughtful formulation with consistent performance.

Reach out to your sales representative to sample Never Better Foods and experience just how well their plant-based cheeses deliver on flavor and performance.

Fiddlehead Ferns

01442 | 3 Pounds

Spring offers a variety of unique flavors, vibrant freshness, and visually striking foraged items, such as fiddlehead ferns!

With their tightly coiled shape and delicate, grassy flavor, fiddlehead ferns are a true spring standout. Whether featured as a sautéed side or incorporated into a composed dish, they bring a distinct seasonal touch to any menu.

Our foraged offerings change weekly based on weather and availability, keeping quality and seasonality at the forefront. These limited selections may include miner's lettuce, stinging nettles, wood sorrel, as well as morels, hedgehog mushrooms, and truffles!

Ask your sales representative for current availability and bring these spring specialties to your menu!

WILD ONION RAMPS

91771 | 1 Pound

A hallmark of the Spring season and available for a limited time, onion ramps are here! Bold, punchy, and unmistakable, ramps bring that signature blend of garlic and sweet onion all in one. Their tender leaves and slender bulbs are built for versatility. Fold them into butters, let them shine in pastas and risottos, or use them in other creative seasonal dishes!

Our wild onion ramps are sustainably foraged. Grown with responsible harvesting practices, it preserves the ramps themselves and supports the surrounding ecosystem, keeping this spring favorite on menus for seasons to come.

Fresh, foraged, and in stock now. Spring doesn't get more real than this.
